Speaking Hope to the World

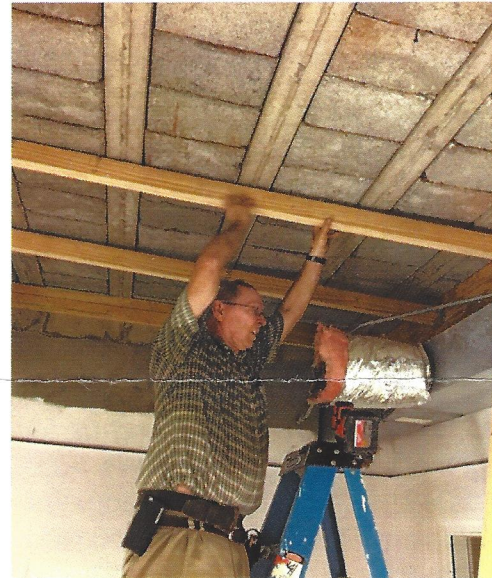

CAMENA

Dear Friends and Family

We wish you all the best for the New Year. More than that we wish for you to be close to our Lord and feasting on His goodness. Recounting His track record with all of us, even in times of loss, we can look forward to 2017 with confidence and courage.

We hope to be moving to Vienna sometime after April to be closer to the region Nate is serving. Before then we hope to schedule a short furlough to see as many of you as we can. This will probably be from Mid-April through Mid-May. Please let us know if you would like to schedule some time with us.

October through December has been a very busy time for Nate. Trips to the Dominican Republic and Haiti were fruitful with the completions of studio projects. The Haiti project was extensive and required two weeks of long hours. The result is a sound proof studio with good acoustics and new equipment for recording music for the radio ministry.

New Plans and Strategies

Please continue to pray for us as we work to develop bold new strategies for reaching the majority religious group of CAMENA. Due to safety concerns, we can't say much in this forum about our work, but we trust you will continue to support us in prayer. Nate came away from recent consultations very encouraged and very challenged. We continue to develop strategies which we pray will reach millions of people with the gospel in ways that will challenge them toward Christ. We face opposition from governments and religious leaders. Mostly we recognize the battle is not against flesh and blood but against a spiritual enemy. Therefore, we ask you to pray for God's protection on our health, safety, family, marriage and work.

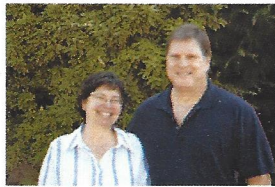

McGurk News and Notes

January 2017

As we get ready to move to the new region we want to thank you for continuing to support us through prayer and finances. We can't emphasize enough our need for prayer support as we move into the new work.

As we move we will have to set up in an apartment that will have no closets or shelving. We will also face a number of expenses during the move. Any gifts to our equipment fund will be appreciated. We will also be asked to raise money in our transfer fund to help defray some of the costs.

We are very happy to have you as a part of our team. God has been preparing us for this assignment for a long time. We hope we have conveyed our sense of anticipation for what He is going to do with this ministry in the Middle East, North Africa and Central Asia. We also hope to see as many of you as possible in the next few months where we can be a little more specific.

Many blessings,

Nate and Janette McGurk
